

BY-LAWS SHOULD FIND SUPPORT

IMPORTANT MEASURES
BEFORE THE PEOPLE

Some of the Reasons Why
Ratepayers Should Sup-
port Them.

In just ten days—to be exact, on Thursday of next week—the ratepayers of Victoria will be called upon to pass judgment upon two of the most important by-laws ever presented in the history of the city, and there is general agreement that the future of Victoria will be influenced materially by the decision of those who cast their ballots.

These measures are for convenience sake styled the "water by-law" and the "electric by-law"—the former giving a guarantee to the B. C. Electric Railway & Lighting Co. that the corporation shall not become a competitor in its business or service any competing company; and the latter authorizing the city council to proceed to expropriate the property and plant of the Esquimalt Waterworks Company at Goldstream.

In respect to both by-laws considerations of the gravest importance impel all classes in the community to show the liveliest concern in their fate. In the one case, the certainty that its passage will be followed by the expenditure of a large sum of money in development work and the opening up of adjacent district, entails in its support all the progressive elements of the community; and in the case of the other measure—the water by-law—the opinion is unanimous that the city must secure facilities for a greater water supply at the earliest possible date.

The Electric By-Law.
The principal features of the agreement which the city proposes to enter into with the B. C. Electric Railway & Lighting Company may be thus enumerated:

The company agrees to expend the sum of \$1,500,000 in erecting and maintaining a power plant as near as possible to the city of Victoria within a period of three years. This ensures the distribution of large sums of money in the city in the purchase of supplies for the big gangs of workmen who will be employed on the huge undertaking, the site of which, it is unofficially stated, is at Jordan river.

With the increased power and lighting facilities which will be available on the completion of the work, the company will be in a position to extend their street railway lines and transmission wires to a wide radius beyond the limits at present served, and that the company will not be lagging in this work is shown by the clause in the agreement which stipulates that it shall, for the purpose mentioned, expend a quarter of a million dollars over and above the amount mentioned, as meeting the cost of the improvement to the power plant.

When the new plant shall have been placed in operation the rates for electric light and power shall not exceed the schedule rates now charged in the city of Vancouver. This will mean a very substantial reduction.

The company agrees, if the city so desires, to light the public streets at half the present cost, and if the city shall require, as it undoubtedly will, to extend its street lighting system, the increased service shall be rendered by the company at the same reduced rate. No monopoly is given the present company, the city having reserved the right to give a franchise at any time to any other company, but without bonus or any other aid.

Should the city at any time go to Sooke lake for a water supply, the company can be compelled to purchase water for power purposes, if such surplus water shall be available.

In an interview with the Times, A. T. Goward, the local manager of the company, while declining to state in express terms the nature of locality of the improvements and extensions to the local system, just as soon as the improved plant shall have been placed in operation, gave it to be understood that the utmost dispatch would be displayed by the company in seeking new business.

It is the common impression that Seattle residents will be one of the first districts to benefit from the increased facilities which will be available.

The Water By-Law.
In respect to the by-law authorizing the expropriation of the property and plant of the Esquimalt Waterworks Co., Ltd., at Goldstream, its main features are:

The city intends to offer the company the sum of \$50,000 for the property, and if the offer is refused to proceed to expropriate the undertaking as a whole under the powers defined at the last session of the legislature. In this connection it may be explained that Mayor Hall has the opinion of Arthur Adams, the water expert, that the city would be justified in paying as high as \$60,000 for the property. As to the company opposing expropriation proceedings, in well informed quarters it is not felt that the company would take any such action, as the rights of the city to such procedure are said to be indisputable.

Should the city secure the entire undertaking of the company at Goldstream it will take over and fulfill all existing contracts between the company and its patrons. Thus the contract under which water is supplied for power to the B. C. Electric Railway Co. for the price of \$2.00 per

WIRELESS ON PACIFIC COAST

GOVERNMENT WILL
RETAIN STATIONS

No Foundation for Report That
They Will Pass to Private
Company.

From time to time announcements have appeared in the press that the wireless stations in British Columbia, built and operated by the Dominion government, would be taken over by a private company, which would build more stations and operate all the wireless in British Columbia. These statements are inaccurate, and there never has been anything to warrant their publication save the expressed desire of private companies to control wireless telegraphy in British Columbia.

The policy of the Canadian government respecting wireless on the Pacific coast, which was deliberately entered upon a few years ago after an unsatisfactory experience with the Marconi Company on the Atlantic coast, is to own and operate all wireless stations in this province. The first object of the government in establishing wireless stations was to provide an aid to navigation, a convenience to the shipping interests. No private company would do this without a government subsidy or aid of some kind. There is little or no revenue in this class of business, and private companies would not concern themselves with providing wireless stations at places where commercial business does not originate, unless such stations were necessary as links in a chain binding important commercial centres together. As a matter of fact, there is practically no revenue from the stations already established. With the completion of the chain of stations to Prince Rupert, which is expected this summer, and with night and day operators, there will no doubt be considerable revenue, as it is the intention of the government to operate the system for revenue purposes as well as an aid to navigation.

The policy of the Department of Marine and Fisheries is to maintain and operate all the wireless stations on the Pacific coast. Other systems, or other wireless stations, will not be licensed, and without a license no one can operate wireless telegraphy in Canada. Steamships and vessels of all kinds will be left to private companies, and in the case of vessels of Canadian register licenses will be issued to the owners of the vessels.

TEN DIE IN COLORADO RAILWAY COLLISION

Wife of Fireman Witnesses
Husband's Death—Forty
Persons Injured.

(Times Leased Wire.)
Colorado Springs, Col., Aug. 16.—The number of fatalities resulting from the wreck on the Denver & Rio Grande railroad at Husted on Saturday was increased to ten yesterday by the death of C. M. McCreary, of Dallas, Texas. None of the injured, numbering forty, is believed to be in a critical condition.

Engineer Lessig, driver of the lead engine of the northbound train, and who disappeared immediately after the wreck, has been found at his home in Denver. He refuses to answer any questions regarding the cause of the accident.

John Gossage, fireman for Lessig, was the only one of the engineers to meet death. The wreck occurred within sight of his home and his wife, who was standing in the doorway watching the train go by, witnessed the accident. She was among the first to reach the scene and her grief was pitiful.

RIVAL RAILWAYS

CLASH AT TACOMA

Northern Pacific Men Tear Up
Track—Rails Relaid by
Milwaukee Crew.

(Times Leased Wire.)
Tacoma, Wash., Aug. 16.—A climax of the competition between the Milwaukee and the Northern Pacific railroads came yesterday, when a crew of men, personally directed by Division Superintendent Albee, of the Northern Pacific, tore up a spur track running through the Tacoma Mill Company's property, which is claimed by the Milwaukee. A few hours later the track was relaid by a Milwaukee crew. It will now be watched, and if the Northern Pacific makes another attempt to tear it up serious trouble may result.

TOWN PRACTICALLY DESTROYED

Missoula, Mont., Aug. 16.—Practically the entire town of Iron Mountain, Mont., in the Coeur d'Alene district, was destroyed by fire last night. The fire started in the kitchen of a hotel. No one was injured. The loss is estimated at about \$50,000.

IN LONDON.

Able Seaman Sir John Fisher—"I say, Bobs, 'oos them?"
Corporal Bobs—"Them, wy them's the new Canadian recruits."

—Canadian Courier.

ADJOURNMENT OF COMMISSION

NO SITTING WAS
HELD THIS MORNING

Forestry Inquiry Proceeding
This Afternoon in Parlia-
ment Buildings.

The timber and forestry commission opened this morning, but did not examine any witnesses owing to the fact that one of the members, Arthur S. Goodeve, was not present. Hon. F. J. Fulton presided and sitting with him was A. C. Plummer, of this city. It was decided that owing to the non-arrival of Mr. Goodeve it would be well to await the arrival of the afternoon boat from Vancouver, after which no further delays will take place.

When the session opened the secretary, R. E. Gosnell, read the proclamation appointing the commission, and also the oaths of the two members who were present.

Hon. F. J. Fulton announced that unless there were any witnesses who could not possibly attend any other sitting of the commission they would adjourn until this afternoon at 3 o'clock. Mr. Fulton also said that the commission would be glad to have the help of counsel, but they would be allowed to cross-examine only on questions of fact and not on questions of opinion.

Professor Craig, of Cornell University, Ithaca, New York, was present, but arrangements were made for him to attend later. J. A. Harvey, K. C., of the firm of Taylor & Harvey, Vancouver, was there to represent the lumbermen, and there were also present watching the proceedings M. S. Logan, vice-president, and W. A. Austin, secretary-treasurer of the British Columbia Logging and Forestry Association of Vancouver, B. C. Arrangements have been made also for Gifford Pinchot, head of the United States Forestry service, to give evidence before the commission.

The commission is using the luncheon room in the legislative building for their meetings in this city. The tables have been cleared out and one or two wall maps hung which will be useful for reference by the members of the commission. The press arrangements are unusually good. Doubtless this is because R. E. Gosnell, the secretary of the commission, is himself a newspaper man, and he knows how this department is sometimes neglected.

To-morrow at 9 o'clock water will be shut off on part of Cook street and connecting streets. Residents are warned to act accordingly. The water will be shut off at 9 in the morning from Cook and connecting streets between Pandora and Pendergast streets.

SEEKING CONCESSIONS.

Premier of Newfoundland on Application of Cable Company.

London, Aug. 16.—Sir Edward P. Morris, premier of Newfoundland, who at present is in London to attend the Imperial defence conference, was questioned regarding the complaints of a breach of faith made by the Commercial Cable Company against the Newfoundland government. He said:

"What the present government does not feel it is justified in doing is to ask the legislature to ratify a portion of the contract giving a new concession to the cable company whereby it would obtain a monopoly for twenty-five years of the transmission of all cable messages passing over the Newfoundland land lines and freedom from taxation. This would be unfair and prejudicial to the Anglo-American company, doing business on the same street in St. John's, and which pays yearly taxes to the amount of \$30,000."

BURNED TO DEATH.

Seattle, Wash., Aug. 16.—Thomas A. Dean, a negro tailor 38 years old, was burned to death in the destruction early yesterday of the small house in which he lived at 13th avenue West and Wheeler street.

SPANIARDS MOVE AGAINST MOORS

FIGHTING RESUMED
AROUND MELILLA

General Marina Assumes Ag-
gressive—Number of Can-
non Landed.

(Times Leased Wire.)
Madrid, Aug. 16.—Fighting between the Moors and Spaniards was resumed to-day at Melilla. After a disastrous week for the forces under General Marina, during which time the Moors have kept the garrison of 88,000 men closely hugging the walls of the city while they poured shot into the fortifications from the mountain-side, Marina moved aggressively against the tribesmen to-day.

The Spanish general has been handicapped for some time from the lack of supplies. The long expected munitions arrived several days ago and in spite of the Moors' efforts to prevent a landing, a number of French field cannon have reached Marina.

Moorish General's Mission.
Fez, Morocco, Aug. 16.—General Bagdad, commander of the Sultan's troops, is on his way for the Rif, bearing the Sultan's orders that the tribesmen cease attacking the Spaniards. At the same time the Sultan instructed the Morocco special embassy at Madrid to advise the Spanish government of General Bagdad's mission and to request that General Marina, Spanish commander in Morocco, be ordered to refrain from making an offensive movement against the tribesmen.

WATER TO BE SHUT OFF COOK STREET

Residents Are Warned That
Supply Will Be Cut
Off.

To-morrow at 9 o'clock water will be shut off on part of Cook street and connecting streets. Residents are warned to act accordingly. The water will be shut off at 9 in the morning from Cook and connecting streets between Pandora and Pendergast streets.

SEEKING CONCESSIONS.

BURNED TO DEATH.

Seattle, Wash., Aug. 16.—Thomas A. Dean, a negro tailor 38 years old, was burned to death in the destruction early yesterday of the small house in which he lived at 13th avenue West and Wheeler street.

EARTHQUAKE IN CENTRAL JAPAN

DEATH ROLL WILL
PROBABLY BE LARGE

Nearly Four Hundred Buildings
Destroyed and Many
Damaged.

(Times Leased Wire.)
Tokyo, Aug. 16.—Belated reports coming in of the earthquake in central Japan on Saturday show that there were many fatalities and that great damage was done to property.

The number of dead now is said to be 30, and it is feared that further fatalities will be reported from the outlying districts. Nearly four hundred buildings, including many temples, are reported to have been destroyed, and more than 1,000 others badly damaged. The town of Asaka suffered terribly. The banks of the Arida river broke and the country is inundated. The people of the district fled to high ground.

Intermittent shocks have been felt since the first "quake" occurred.

AUTO FATALITY.

Boy Crushed to Death When Machine
Plunges From Bridge into
Creek Bed.

Chehalis, Wash., Aug. 16.—The seven-year-old son of Mr. and Mrs. J. P. Emmet, of Adrian, Wash., was killed six miles west of Chehalis late yesterday when the automobile driven by his father became unmanageable and plunged from a bridge into a creek bed. The boy was pinned under the heavy machine and crushed to death. Emmet's mother, who was in the automobile at the time of the accident, sustained a fractured arm and is in the hospital here.

NATURAL GAS EXPLODES.

Six Men Are Injured, Two of Them
Fatally.

Cleveland, Ohio, Aug. 16.—In a natural gas explosion here to-day, which blew out the entire front of the four-story plant of the Worick Storage Company, J. W. Montgomery and Edward Dunn were fatally injured and four others badly hurt.

Following the explosion three wooden buildings adjoining the plant caught fire and were totally destroyed.

MURDERS WIFE

AND ENDS OWN LIFE

Man, in Fit of Insanity, Also
Tries to Kill Three
Children.

(Times Leased Wire.)
Chicago, Aug. 16.—Driven insane because of his inability to secure employment, Gustave Herring, aged 55 years, an expert accountant, early to-day murdered his wife, fatally shot his son Gustave and blew out his brains after making ineffectual attempts to kill his daughters, Margarette and Clara.

When the son rushed to the room to protect his mother, Herring turned on the boy and shot him through the head. After killing his wife, Herring went to his daughters' room but found the door locked. After making several fruitless attempts to kill the girls through the transom Herring blew out his brains.

STRIKERS DRIVEN INTO OHIO RIVER

CLASH WITH STATE
TROOPS AT PITTSBURG

Gatling Guns Placed on Boats
for Protection of Car
Plants.

(Times Leased Wire.)
Pittsburg, Aug. 16.—Gatling guns mounted on river boats to protect several thousand workmen that the local car companies have brought in to take the places of their striking employees, are held in readiness to-day to resist any attack upon the works.

A pitched battle between mounted state constabulary and the strikers occurred last night and the rioting ceased only when a number of strikers were driven into the Ohio river by the troops.

The attack started when a force of strikers fired on a steamboat carrying strikebreakers into the Pressed Steel Car Company's works. The boat was forced back from the landing which was crowded by a mass of strikers. The constabulary were ordered to clear the pier and the charge followed. Revolvers were fired on both sides, but no one was injured by bullets.

When the mob was dispersed 280 non-unionists were taken into the plant, where a 1,000 men would be brought in to-day to take the place of the strikers. A serious clash would occur and the precaution of mounting the machine guns by the state troops was taken. Fifteen hundred strikers are patrolling the Ohio river to-day to prevent the Pressed Steel Car Company from ferrying strikebreakers to its McKee's Rocks plant. Fearing a repetition of yesterday's attack, no attempt was made to-day to get any workmen into the plant.

ARMS FOR PERU

Believed to Be Preparing For Trouble
With Chile.

Valparaiso, Chile, Aug. 16.—The steamer Alexandria, Hamburg to South American ports and San Francisco, which sailed from Valparaiso for Mollendo, Peru, has on board, it is reported, a cargo of arms and ammunition for Peru.

This has led to the belief here that Peru is secretly arming against Chile.

MONUMENT TO MEMORY OF VALENCIA VICTIMS

Marks Resting Place of Fifteen
Unidentified Pas-
sengers.

(Times Leased Wire.)
Seattle, Wash., Aug. 16.—With simple but appropriate ceremonies, the monument erected in Mount Pleasant cemetery by organized labor in memory of the 15 unknown dead whose bodies were recovered from the wreck of the ill-fated steamer Valencia, which was lost off the coast of Vancouver Island early in 1906, was unveiled yesterday afternoon. Short addresses were made by Rev. J. M. Wilson, of the Westminster Presbyterian church, Seattle, and Charles P. Taylor, of Tacoma, secretary of the Washington State Federation of Labor. The monument is a field stone shaft seven feet high, and was erected by the labor organizations of Seattle at a cost of \$1,500.

During a thick fog, January 22nd, 1906, the Pacific Coast S. S. Company's steamer Valencia, coming from San Francisco, ran on the rocks on the west coast of Vancouver Island, and was lost with a death toll of 117 lives.

FIRE BREAKS OUT

ON LINER LUCANIA

Steamer Sunk at Dock to Ex-
tinguish Flames—Is Seri-
ously Damaged.

(Times Leased Wire.)
Liverpool, Aug. 16.—The Cunard line steamer Lucania, which was seriously damaged by fire and sunk at the Huskisson dock last night, has been refloated with the aid of tugs and pumps and to-day she is being dry docked for repairs.

The fire broke out on the big liner on Saturday evening, and is supposed to have originated in the saloon kitchen. The flames spread until they reached the steeage, consuming all the woodwork and then attacked the fore-hold. Thousands of persons were attracted to the river to watch the flames shoot high from the vessel which was a roaring furnace.

Early Sunday morning the vessel was flooded, and soon settled on the mud bottom. The second-class quarters and the after part of the boat, including the engine room, escaped injury, and little damage was done to the rest of the vessel. Some of the hull plates were warped by the heat.

CRETANS DEFY ORDER OF POWERS

CONTINUE TO FLY
THE GREEK FLAG

Government Has Resigned and
Committees Administer
Affairs.

(Times Leased Wire.)
London, Aug. 16.—The Cretan situation, thought to have been peacefully settled, is again causing disturbance, and a naval demonstration by the powers is to be made. The population of Crete has shown such strong Greek sympathies as to induce Crete to defy the order of the protecting powers to haul down the Greek flag, which was raised when the troops of the powers recently evacuated the island. As a result of this difficulty the situation has again become acute.

The powers, Great Britain, France, Italy and Russia, have ordered warships to Crete and probably will re-occupy the island in order to force compliance with their wishes.

Government Resigns.

Canea, Crete, Aug. 16.—Nearly the entire Cretan army joined the mutiny to-day to resist the orders of the powers that the Greek flag be lowered. According to reports the flag will come down before night, and serious trouble is feared.

Trouble is also fermenting in the interior and an extensive campaign by foreign forces may be necessary to quell the threatened uprising.

A message to-day states that a number of Moslems have been massacred in the interior.

The Cretan government officials have resigned and the administration of the island has been entrusted to provisional committees.

The committees have had the armed peasants expelled from the fortress, which they occupied on Saturday night, intending to resist the orders of the powers that the Greek flag be lowered.

Italian and French warships are expected to arrive in the harbor to-day to force compliance with the powers' wishes.

SAN FRANCISCO TRAGEDY.

Woman Found Dead and Police Hold
Husband Pending an Investigation.

San Francisco, Cal., Aug. 16.—August Bergstrom is in jail here to-day pending police investigation into the tragic death of his 16-year-old daughter, Mary, who Bergstrom declares killed herself after a quarrel.

The couple entered their rooms on Fourth street late last night. Shortly afterward they were heard quarreling by a roofer. Then a shot rang out and Bergstrom ran from the room shouting that his wife had committed suicide. The police were called and Bergstrom was taken to jail. The roofer who heard the shot told the authorities that he heard Mrs. Bergstrom say that she would kill herself a few moments before the tragedy occurred.

ABANDONED IDEA OF AVIATION YEARS AGO

Thomas A. Edison Tells of His
Early Experiments With
Airship.

(Times Leased Wire.)
New York, Aug. 16.—In an interview published here to-day, Thomas A. Edison says that he abandoned the idea of aviation forty years ago and is devoting himself to matters more important to humanity.

Regarding aviation he said: "I came to the conclusion that there was nothing practicable in it. I was asked by one of your most widely known newspaper proprietors to make certain experiments. I made elaborate preparations—I built a model, with planes and the best engine of the day, a non-combustion type. When the whole machine was finished I put it on a big scale instead of going out in the open air and set the engine going.

"The weight of the thing pulled down the scales until the engine started, the scales lightened, just so much as the lift of the engine lightened the weight. It was a novel way, I know—quite novel in that day—but it proved to me the impracticability of flying with the machine that we then had, which was the best of its kind. I made the engine myself; to be sure it was right."

The wizard said that he is most interested now in his plan of model houses for working people. Expressing his present ambition, he said: "I am going to depopulate the tenements of New York, going to drag the people out of them, going to give the man who earns a dollar and a half a day a chance to live in a home instead of a pig-pen."

MAN FOUND DROWNED

Niagara Falls, N. Y., Aug. 16.—The body of a man 46 years old, five foot 10 inches in height, and weighing 150 pounds, was taken from the whirlpool tonight. Identification may be established by a clover-leaf pin set with a brilliant. The body had been in the water only a short time.

WELL KNOWN ROWER WILL RESIDE HERE

Alex Pool of Nelson is Entering Business in City.

Alex. Pool, late of Nelson, has become a resident of Victoria. He has purchased Jelland Bros. grocery, and will become one of the city's business men.

In addition to Mr. Pool's business energy he will be a decided acquisition to Victoria in other lines. The J. B. A. A. will welcome him as an oarsman of distinction, who has taken his place in the Nelson crews rowing this year at the matches. Sportsmen generally will welcome Mr. Pool to Victoria.

ONTARIO RIFLE MEET.

(Special to the Times.)

Toronto, Aug. 16.—The annual rifle meet of the Ontario Association will open at Long Branch ranges, three hundred entries, including fourteen from British Columbia, have been received.

RANCHER MURDERED NEAR UNION WHARF

(Special to the Times.)

Comox, Aug. 16.—Pete Andersen, of Union Bay, was murdered on Friday night or early on Saturday morning. On circumstantial evidence Kirk Watts has been arrested.

Andersen had a ranch about seven miles below Union wharf, and leaves a family.

An axe and sharpening stone, the property of Watts, were found near the body, and the axe had evidently been used in the perpetration of the crime, a motive for which is lacking. Watts is in fairly good circumstances.

VICTORIA CRICKETERS DEFEATED BY VERNON

(Times Leased Wire.)

Vancouver, Aug. 16.—The Vernon cricket eleven started off successfully in the first round of the international cricket tournament at the Brockton Point grounds to-day by defeating the Victoria team. In a close game the up-country wicket welders managed to get away with the Capital City men by the small margin of 10 runs. The scores were: Vernon, 97; Victoria, 87.

EARTHQUAKE RECORDED.

Washington, Aug. 16.—The seismograph here registered an earthquake which is supposed to have occurred in California or on the Pacific coast of Mexico at 1 o'clock this morning. The shake lasted over an hour.

Ann Arbor, Mich., Aug. 16.—The seismograph at the University of Michigan registered an earthquake shock early this morning which lasted one hour and forty-seven minutes. University scientists believe the shake occurred somewhere in the West Indies.

PERSONAL.

A. M. Jones and wife returned yesterday from a visit to Lake Crescent. The trip was a delightful one and the resort well worth a visit.

Dr. John Hamilton, of England, arrived in the city on Sunday evening and is making a short visit.

Hon. James Dunsinuir is attending the croquet tournament in Vancouver this week.

MARRIED.

WILSON-CROWE—On August 14th, at St. Mark's, Salt Spring Island, by the Right Rev. the Lord Bishop of Columbia, Norman Wolfe, son of the Rev. Edward Wilson, to Ethel, elder daughter of the late W. Milner Crowe, A. M. I. C. E., London.

FULL WEIGHT PROMPT DELIVERY

ARE DELIGHTED WITH VICTORIA

G. T. P. OFFICIALS
CHARMED WITH CITY

Charles M. Hays and E. J. Chamberlin Will Meet Committee To-morrow.

The G. T. P. party now in the city are enjoying every hour of their time. Yesterday they took autos and made tours about the city and its environs. The verdict passed upon what they saw was of the most flattering character.

Sir Charles Rivers-Wilson expresses the greatest satisfaction with Victoria, and with Mr. Charles M. Hays agrees that Victoria is the most delightful city yet visited on the tour. In the case of Mr. Hays Victoria is not new, so that he was better prepared to meet with the charming conditions that prevail.

Sir Charles Rivers-Wilson, however, has become just as enthusiastic as the other visitors over the charms of this city.

"Just as delightful as ever" is the expression used by Mr. Hays to describe the city, and all the other officials voice similar sentiments.

So far apart from transacting the necessary business which follows the officials the members of the party while in Victoria have not taken up much new business.

This afternoon E. J. Chamberlin, general manager of the G. T. P., will arrive. The meeting between the railway committee of the board of trade and Mr. Hays has been postponed until to-morrow morning at 11 o'clock, so that Mr. Chamberlin may also take part in it.

TOO LATE TO CLASSIFY.

NEW ADVERTISEMENTS.

FINAL REPORT MADE ON WATER

CITY'S EXPERT GIVES
OFFICIAL STATEMENT

A. Adams on Present Standing
of the City's Water
Situation.

Arthur L. Adams, the water expert under whose supervision all the large improvement work on the present system has been undertaken, has submitted to the city council his final report, the same being based on conclusions formed after a thorough inspection of all the plant. Mr. Adams points out that time will be required to demonstrate the value and practicability of the new system, which, owing to the alteration in the manner of distribution and sale of water, which obtained hitherto, may be expected to cause temporary embarrassments to the operating staff and consumers. Mr. Adams is, however, confident that the improved system is certain to accomplish all that has been promised for it and that, up to the limit of its water supplies, will be found to render an excellent and satisfactory service. The report follows:

In May, 1906, I prepared a somewhat exhaustive report upon the condition at that time of the waterworks of the city of Victoria, B. C., the relative merits of and cost of developing and using sources of supply other than Elk lake, and made certain recommendations as to the policy to be pursued by the city in securing to its citizens an adequate water supply. These recommendations anticipated the improving of the present plant and the continuation of the use of Elk lake until such time as it should seem expedient to acquire a larger substitutional supply from another source. Nothing in the way of actual construction having been undertaken by the city on the line of these recommendations, in December, 1907, I was requested to make and did make a supplemental report, reviewing my former conclusions and recommendations, and, with minor modifications, reaffirming them. These recommendations were accepted, and a by-law authorizing the expenditure of the necessary funds was adopted.

During the past year the work of improving the system has been prosecuted, and it is now so nearly completed as to warrant this report covering the present condition of the various structures, what may be expected of them, and the cost thereof.

New Constructions.

The following new constructions have been undertaken:

- (1) The raising of the level of the high water in Elk lake 3 1/2 feet.
- (2) The increasing of the capacity of the pipe line leading from the clear water basin at Elk lake to Dairy Farm pumping station by the substitution of 9420 feet of 24-inch steel riveted pipe for a similar amount of 24-inch cast iron pipe, the discontinuance and removal of 5280 feet of 12-inch cast iron pipe from the clear water basin down to a junction now made between this said pipe and the newly laid 24-inch pipe.
- (3) The installation at the Dairy Farm Pumping Station of a horizontal cross-compound crank and fly-wheel pumping engine, having steam cylinders 14 and 29 inches in diameter, 12 1/2-inch water plungers and 30-inch stroke.
- (4) A distributing reservoir of 16,000,000 imperial gallons capacity on Smith hill.
- (5) The connecting of the Smith Hill reservoir with the distributing system by means of certain riveted pipes of diameters of 18, 24 and 27 inches.
- (6) The installation of two triplex motor-driven power pumps in the high service pumping station on Yates street, these pumps being arranged for driving by current taken directly from the wires through an automatic start and stop apparatus controlled by a float in the high level tank; the said pumps having a combined capacity of 20,000 gallons in 24 hours.
- (7) A high level tank having a height over all of about 112 feet and a capacity of 85,000 imperial gallons.
- (8) The laying of a large quantity of cast iron pipe ranging from 12 inches to 4 inches in diameter, for the purpose of reinforcing and improving the distributing system and the extension of the same into new districts.
- (9) The placing of meters on all heretofore unmetered services.

Work as a Whole.

The work as a whole has been carried out under the general direction of the water commissioner, James L. Raymond. With the exception of the Elk Lake improvements and the laying of the cast iron pipe in the distributing system, the work has been subject to my general supervision and consultation, this taking the form of occasional trips of inspection to Victoria as often as the exigencies of the work seemed to require.

The manufacture and laying of the riveted pipe, both on the Elk Lake line and between Smith Hill reservoir and the distributing system, the installation of the pumping machinery both at Dairy Farm Station and at Yates Street Station, and the construction of the Smith Hill reservoir were, during the major portion of the work, under the personal engineering supervision of Mr. H. A. Icke; all of which, however, were completed under the direction of Mr. A. Kempke, Jr., Mr. Icke having resigned.

The high level tower was built under the immediate direction of Mr. Kempke from inception to completion.

The installation of the pumping machinery, the manufacture of the steel riveted pipe and the laying of the same were all executed by contract. The remainder of the work was accomplished, as seems to be customary on municipal work in Victoria, by day labor.

This pipe was manufactured by the Hydraulic Supply Manufacturing Company, of Seattle, Washington, in a

CORRUPTION IN CITY OF DENVER

Judge Lindsay Will Expose Alleged Graft—Life Was Threatened.

Seattle, Wash., Aug. 16.—"The city of Denver has been robbed of \$200,000,000 by corrupt corporations."

This was the statement by Judge Ben B. Lindsay, the celebrated juvenile court judge of Denver, Colo., at the Y. M. C. A. building to a representative of the United Press. Judge Lindsay is in the city to attend the sessions of the American Prison Association.

Beginning with the October issue of Everybody's Magazine, there will be a series of articles from the pen of the noted jurist describing conditions of alleged graft in the city of Denver. "I will tell," said Judge Lindsay, "how certain representatives of great corporations 'fixed' the supreme courts; how they selected their own court officers, and I will name the men. I will tell how they tried to fix me, how they threatened and coerced, how they took me out one night in a carriage and how first they flattered, then offered money and then threatened me with ruin. I will tell how they tried to murder me and how a deputy sheriff saved my life. Seattle is as bad as Denver, and Denver is as good as Seattle. My story does not apply to Denver alone. It could be applied to almost any city of importance in the United States. Crime is on the increase, and will be until the economic and what is known as 'social' conditions have been changed for the better."

ADJUTANT-GENERAL ASSAULTS NEWSPAPER MAN

Attacked for Writing Article
Regarding Chief of Kentucky State Guard.

Louisville, Ky., Aug. 16.—A sensation was caused here Saturday when Denny B. Goode, a newspaperman who gained fame as a "war correspondent" during the Breckinridge county feuds, was beaten with a cane by Adjutant-General Philip P. Johnston, of the state guard, because Goode wrote an article in which he referred to the general as

"General Peacock P. Johnston." Johnston, who is a prominent citizen of Lexington, came here and visited the office of the paper in which the article appeared. Goode said he wrote the article and thereupon the general attacked the writer, striking him about the head with his cane. General Johnston, who is a veteran of the Confederate army, will be arraigned to-day.

The blood thrown out by the heart travels at the rate of seven miles an hour.

PILES

Dr. Chase's Ointment is a certain and guaranteed cure for hemorrhoids and every form of itching, bleeding and protruding piles. See testimonials in the press and ask your neighbor about it. You can see it and get your money back if not satisfied. Also, at all dealers or by mail order. Write to Dr. Chase, 1000 Broadway, New York City.

SHELLING MOORS.

Spaniards Continue to Bombard Position Held by Enemy.

Melilla, Aug. 14.—Friendly natives bring in reports that although the Spanish artillery fire is destroying the camps of the Moors, it is not causing great loss of life, as the Moors have built a series of subterranean chambers and passages under their positions in which they take refuge, emerging only when the cannonading is over.

The Spanish artillery continues to bombard Mount Guera, the headquarters of the Moorish position. It is explained that General Marina's advance has been delayed in order to permit of the complete organization of the commissary department.

THE TIMES AND THE WATER QUESTION

Mr. Phil R. Smith is in error in charging that the Times has changed its position on the question of the acquisition by the city of the works of the Esquimalt Water Company. The Times opposed purchasing the property at the figure set by the company. It held that the price asked was exorbitant in the light of the figures submitted by experts as to the amount which had been expended by the company in improving its property. The Times also opposed expropriation by the city under the special act the company had procured from the legislature apparently for the very purpose of covering its case and extorting an unfair, an unreasonable, a ridiculous sum from the municipality. But the circumstances have been completely changed by later developments. Owing to pressure brought to bear upon the McBride government and heavy pressure had to be applied in order to do it is now possible to expropriate the property of the company upon terms which promise to be fair and reasonable, upon terms bearing at least an approximate relationship to the actual value of the holdings. Our critic has little faith in the possible findings of an arbitration court, apparently. He seems to think there is neither righteousness nor good faith left in the world—that every one is out to "do" somebody else if he can, and that in particular the people in their corporate capacity are fair game for exploiters. We are willing to concede this much to the evident prejudice of our correspondent: that the manner in which the Esquimalt Water Works Company conducted its business in its present position, through transparent connivance with past governments and legislatures, to the prejudice of the prior rights of the city, proves that the persons in charge of that company's affairs were determined to make the most of their opportunities without stopping to give too much consideration to the justice or even the morality of the matter. But, on the other hand, the company claims, and with some show of reason, that the city never appeared to have any faith in the possibilities of the property until it (the company) went ahead and developed it and proved its value. The position of the company is that but for its actions, which it took a chance in prosecuting, the city would never have thought of going to Goldstream for a water supply. These contentions may or may not be justified. But the facts for the people to consider in going to the polls on the 26th are that Goldstream is in the

present financial position of the city the best available source of water supply and that that source of supply may be secured on the valuation of an arbitration court upon terms fair to both the people of the municipality and the shareholders in the company.

RACING AND GAMBLING.

Now that the so-called race meeting which has been proceeding in Victoria for the past sixty days is at an end, there are some aspects of the matter which call for very serious consideration on the part of all who have the true interests of the city at heart.

The observations the Times has to make upon the subject may be predicted by the statement that there is no intention to question the motives of the Country Club for the part it played in promoting the season of racing or to criticize the conduct of the officials, horsemen and retainers who have made the Willows track their headquarters for the past two months. The members of the Country Club are reputable residents of the city who unquestionably have the city's best interests at heart in whatever they undertake. The horsemen and their retinue, while apparently a people apart (like sailors and gypsies), have been well-conducted and law-abiding while here. Their conduct has been admirable. Whether the absence of disorder be due to a conviction that they had another kind of reputation to live down or to a wholesome regard for the law as administered in this country, as some people suggest, has nothing to do with the case. We judge all persons as we find them. The followers of the racing game leave Victoria with as clean a sheet as any similar number of people of any class could hang up anywhere.

But it is the game these people play that calls for consideration now that the gates are closed and the players have departed. Has the sixty days of racing been a good thing for the city? Has it improved our position materially? Has it elevated our status morally? If it has proved materially beneficial, and morally degrading, has the material gain been sufficient to offset the moral demerit? It may be said that morals is a matter for the individual; that it is a question which is no concern of the community. We shall leave that aspect of the matter for more competent minds to deal with, merely remarking that gambling, without which we are told no race meeting can be successfully conducted, is not permitted by the law of the land or by the ordinances of the municipality.

The Times has very pronounced opinions upon the subject of horse racing as it has been conducted at the Willows track. We have already given expression to those opinions. We repeat the opinions we have expressed. The races which have been held at the Willows track have not been bona fide contests, but simply fake events conducted as an excuse for gambling. The promoters of such races confess as much when they say no race meeting in this country can be successful if bookmaking be not permitted. The bookmakers paid all the expenses of the meeting. The inference is only reasonable that as the betting element was in absolute control the result of any race, except in case of an accident, was determined by the amount of money wagered on certain horses. Yet outsiders caught the betting fever and to the last cherished the delusion that they could "beat the combination." There always have been, and always will be, dupes who think they can burst the bank at Monte Carlo. The head of that interesting principalities derives all his revenues from his gambling establishment, yet he gives his patrons more chances of making an occasional "killing" than do the persons who conduct and pay all the expenses of race meetings on this continent.

That is what is called "the sport of kings," a game which is bound to be attractive to all men "with red blood in their veins." It is argued that people are not compelled to bet—the deduction being that if they are bound to make ducks and drakes of their hard-earned money and fools of themselves, the municipality might as well make something out of their weakness. If that be the principle which should govern attitude to games of chance, why not carry it to its logical conclusion, throw the town wide open, and collect revenue from the "banks." We are quite sure the city council would have little difficulty in disposing of all the privileges. Then the speculatively inclined would pay the bulk of the taxes and men of sound common sense, impervious to temptation, would be eased of their intolerable burdens.

There passed away at the St. Joseph's hospital after an illness covering a period of about one year, Mary Eliza, beloved wife of D. G. McNaughton, of Petrolia, Ont. The late Mrs. McNaughton was a native of Sarnia, Ont., and was 49 years of age. Deceased came to Victoria accompanied by her husband and two children about three weeks ago to seek renewed health. She, however, contracted pneumonia and this hastened her death. Her father, J. H. Wolsey, and brother, D. Wolsey, reside at Mount Tolmie, and a sister, Mrs. Wm. Harris, at West Sooke. The remains have been removed to the B. C. Funeral-Furnishing Company's parlors, where they will repose until forwarded to the former home in Petrolia.

What Other People Think

MR. PHIL R. SMITH'S VIEWS.

To the Editor:—What private company would to-day buy out the holdings of another concern without a close inspection of books, prospective business, nature and cost of the undertaking, etc.?

Yet, sir, you and others in the newspaper business are endeavoring to persuade the ratepayers of this city to forego this very necessary safeguard and to blindly vote for a pig in the position with day of August next. This is not a time for bald statements. We want the detail. In answering my former communication you say the arbitrators will arrive at a true valuation of the property of the company, which dispels the cloud of dust raised by me.

Permit me to say that the ratepayers in this instance come in before the arbitrators. It is for us to say whether we consider the proposition of buying out the Esquimalt Water Co. a good investment. If we are going to pledge our securities on the property in the venture or not, it is for us to say whether we will refer the matter to the ratepayers at all?

I want to know the process of reasoning by which you arrive at the conclusion that it would be wise to give favorable consideration to this law, more especially, sir, as you have in the past bitterly opposed the proposition.

Surely you have some data in your possession that accounts for the quick change of act.

You cannot blame the ratepayers for their hesitancy after reading the syndicate productions in the daily press, an organized attempt to saddle the city with a venture of doubtful profit.

I also take exception to your editorial wherein you say that this city cannot tunnel the properties of the Esquimalt Water Company. The city has that right and can turn the property of the company to-morrow without let or hindrance. It would be served with a notice, it is true, a formality, nothing else. It would then give a bond or undertaking to make good any damage to the properties of the Esquimalt Water Company and go ahead with the work, the same as any other company (railroad or otherwise) taking advantage of the act of expropriation.

I have strong reasons for voting against this by-law, and withhold the same in hopes of becoming a convert to your views. Will you enlighten me?

There is absolutely nothing before the public to-day to consider, and while the advocates of this by-law present something tangible, definite and worthy of consideration the ratepayers will express their sentiments in a negative vote.

PHIL R. SMITH.

WATER.

To the Editor:—Having read your editorial in this evening's paper advising the ratepayers of the city to vote for the proposed by-law to acquire the Goldstream waterworks, I, with your kind permission, will endeavor to give a few reasons why we should do our best to defeat that piece of legislation.

1st. The city a year or two ago employed Mr. A. L. Adams to examine and report to the council on the water supply of the city. He found that the best source for the city to obtain plenty of pure water, according to the published report of Mr. Adams, he went carefully over Elk lake, Millstream, Goldstream and Sooke lake. He said that Sooke lake was the ideal place for the city to draw an unlimited supply of the best of water. But, as it would cost a large sum of money for a city the size of Victoria, he advised the council to stay with Elk lake for some time, as by adopting his plan of redistribution and metering, Elk lake would give us plenty of water for fifty thousand or more of a population. The council, of whom Mr. Adams was a member, endorsed Mr. Adams' proposition, and they placed a by-law before the ratepayers to borrow over half a million dollars to carry out Mr. Adams' idea. At the same time they took a referendum vote on the next best place to go to for water, and Sooke was chosen. Mr. Adams' scheme to increase the supply from Elk lake has been carried out. We also have put in a salt water system for better fire protection.

2nd. You say the intention is to abandon Thetis lake, where the Esquimalt Waterworks Company get their present supply of water for domestic use, and so on to Goldstream, where there is plenty of water. Well, if there is plenty of water there you will have to build reservoirs to hold what the heavens send down in the winter months, as there is very little natural spring water there. You also have to take it at second-hand at that, with all the oil and other refuse likely to get into it from the machinery of the Franchise Company. They might filter out the oil, but there is always a possibility of contamination where water is put to such use as the present water of Goldstream that no city should run so much risk, especially when for very little if any extra cost they can get the best of pure water.

3rd. You say we get water superior to Sooke lake. Perhaps we might, a little, but it is very doubtful. Besides, we are asked to endorse another proposal to keep us from using that power for a long time of years. Funny, isn't it?

4th. The proposition as it stands is about as businesslike as trying to sail out on a photo of a ship. They offer \$200,000 as a minimum, and ask for \$500,000 more, in all \$1,200,000, to buy works and put in pipe. If the arbitrators give the company all of that or more the city would have to grin and bear it, and put up with all extras.

5th. Elk lake is a fine body of water, and if they have got everything in shape, as Mr. Adams claimed it would be, they take a lot of pumping to get all the water out of that old stand-by.

6th. The Esquimalt Co. keep their old grease pot, and when we have to get more water let us have the right of way placed within our reach, not draw our water from a scullery.

Let every ratepayer who stands for the best interests of his city vote down this unwise proposition to buy Goldstream on Aug. 26th.

G. E. M.

RULES OF THE ROAD.

To the Editor:—The "family" (your contemporaries) have put their heads together to evolve rules and regulations for the guidance of motorists and pedestrians.

Upon the authority of the venerable head of the "family," it appears: "A motorist light of foot and hand, against all the rest of the community." It is like a dream to me the Times and readers have been of the same opinion for a long time.

2d. "Motorists have as much right on the street as pedestrians." Certainly; but pedestrians have never been in the habit of running down motor cars and killing chauffeurs. They are consequently deserving of special protection "on the street."

3d. "It is the pedestrian's duty when he hears the sound of a horn to look out and see where the machine is." This, sir, is precisely what you and I have been in the habit of doing, and perhaps the gentleman who wrote these rules has taken the tip from our movements in escaping from the juggernaut cars at the various street corners.

4th. "If you choose to walk across the

Abbey's Effervescent Salt

street anywhere except on the crossing you are incurring a risk which the law will not justify. There seems to be an inconsistency between this and

No. 5. "No one has a right to run you down even then." Consequently the head of the family is wrong in stating the law will "not justify you when incurring the risk" of crossing the street where there is no "crossing." The next rule is therefore, "You have no right to place yourself in a position to be run over."

In future mornings or evening issues of a uniform size, people in front of the following reason: When mischief has been done and escape has been attempted the number at the rear is hidden in a cloud of dust, where people in front can only read the second number on the approaching car, no matter what the rate of speed may be.

2nd. That the numbers shall be fixtures of a uniform size, large, clear and distinct, and kept clean. A few days ago I saw a small motor car standing on Government street. It had the appearance of having escaped from some delirious nut, and so concealed by a primitive coating of mud and subsequent dust the number could not be read from a distance of ten yards.

In all seriousness, I consider the last two "rules" I have here mentioned are of much importance and would assist materially in reducing those murderous drivers to order.

A FAMILY MAN.

TWO REQUESTS AS TO FAIR RACES

Deputation Has Prepared Itself to Wait on City Council.

To-night the deputation which will wait upon the City Council to request that body to take action as a result of the decision of the B. C. Agricultural Association to permit betting in connection with the races at the fall fair will make two requests.

The first of these will be that the City Council pass a resolution asking the executive of the B. C. Agricultural Association to reconsider and rescind their motion on Saturday night in which the decision mentioned above was decided.

The second request will be that the City Council take such steps as may be proper to grant the Agricultural Association a lease of the Willows grounds at a nominal rental in the understanding that no betting, liquor selling or pool making be permitted.

BOARD OF TRADE TO WORK FOR TRAM BY-LAW

Citizens' Committee Formed to Work Towards Passing It.

The Board of Trade will form a citizens' committee to work towards getting all who have a vote to the polls to vote on the tramway by-law. The mayor and council will be invited to co-operate with the Board of Trade in the matter.

The formation of the citizens' committee was decided on this morning at the meeting of the council of the Board of Trade. The members of the council of the board met and agreed that the statements of the two directors of the B. C. Electric Company, who were here recently, were satisfactory. The board decided to support the by-law and do all in its power to assist in its passage. The formation of the citizens' committee was then discussed and agreed upon.

R. E. Gossell wrote the council that the forestry commission is sitting, and Tuesday and Wednesday would take evidence on forestry matters. Several of the Board of Trade members will take advantage of the information and appear before the commission.

In his final report on the water works system of Victoria, Mr. Adams, the expert, calls attention to what he terms "the rather hazardous fire risk at the Yates street pumping station and the seriousness of the consequence which would result from the destruction of the station." He condemns two old wooden shacks on the corporation property, and advises the installation of a fire hydrant in the middle of the yard. He also advises endeavoring to secure the removal of the planing mill from the contiguous property, but there is little likelihood of anything being effected in this direction, as Fire Chief Davis explained to-day that the building had been erected previous to the extension of the fire limits, and while it was a menace to surrounding property, there was apparently no remedy for the case now.

The Latest Effects and Shapes in New Fall Millinery

OUR SHOWING of new fall outing hats which is to be seen in our millinery department, second floor, is indeed varied, large hats again trimmed with ribbons and wings being the leading features, a great many being turned up sharply on one side, while the predominating shades of the season seem to be catwaba, artichoke or sage green of a delicate and attractive shade, while the materials of these new outing hats seem to be all felts. Prices ranging from \$5.75 to

\$7.50

NEW FALL SAILOR STYLES in felts and patent covering at prices from \$2.50 to

\$4.75

Special Clearance of Corsets Tuesday

Regular Values \$4.00 to \$12.50 for \$2.50

TUESDAY we mean to make a clearance of all odd lines and sizes. These include Bon Ton, Royal Worcester, P. D. and D. & A. Corsets. Every pair of corsets included is made of the very finest quality material, in brocaded silks, satin, coutel and batiste, bound with No. 1 quality whalebone, eagle bone and flexible steel. You need not be afraid of not being able to procure a perfect fit. This is one of the main features of our corset department. Our expert corsetiere makes it a hobby to see that you leave perfectly satisfied. The sizes run from 18 to 30. Regularly sold at from \$4.00 to \$12.50. Your choice on Tuesday for

High School Wins

INTERMEDIATE SERIES

Final Game Played Against

Beacon Hill at Royal

Park.

The High School baseball team won the championship of the city intermediate league by defeating the Beacon Hill nine on Saturday afternoon at the Royal Athletic park in a fast game. These two teams were tied for first place, and on Saturday afternoon they settled the question. The final score was 12 runs to 6 in favor of the High School.

The game was very even up to the seventh inning. In this inning the students got on to Theriault's curves, hammering the ball for safe hits, and scoring runs. A number of two-baggers were knocked. Beacon Hill scored a run in the ninth inning and the High School added two more.

Ed Steele, who twirled for the High School, fanned twelve of the Hill's batters, thus setting a record for this league. It was practically the good pitching of Steele that won the game.

He has pitched every game for the High school and has only lost one game during the season. Theriault pitched good ball for the losers up to the seventh when the students started hitting him hard. He fanned out nine men. Pike and Scott did the receiving behind the bat for the two teams.

George Burns and Schaper acted as double umpires and gave general satisfaction, their decisions being received without comment.

Following is the line-up of the teams: High School. Positions: Beacon Hill. Pike.....Catcher..... Scott E. Steele.....Pitcher..... Theriault B. Whyte.....1st Base..... P. O'Rourke W. Gravelin.....2nd Base..... Shanks Brown.....Shortstop..... Brown Milne.....3rd Base..... T. O'Rourke R. Steele.....C. F. Townsend Gordon.....C. P. Meldrum Spencer.....R. F. T. Gravelin

Score by innings:

1 2 3 4 5 6 7 8 9 R. H. E.

High School.....10 0 0 2 0 6 12 12

Beacon Hill.....0 1 0 2 1 0 0 11 6 30

PANTAGES THEATRE.

The big vaudeville company for Pantages theatre arrived on the Iroquois this morning and judging from appearances the show will be at least the equal of last week's banner programme.

A pleasing surprise for this week is the additional feature of one of the greatest description ballad singers in America, Arthur Elwell, baritone, direct from the Pantages, Seattle. He has been steadily in the Seattle house for four seasons and is only loaned to the Victoria house for a few weeks. "The Elwood Trio," in the farce comedy, "A Picture Man"; Chas. and Ada Karns, lightning change artists; La Salle and Lind, jugglers; De Harper and Scott, unique dancers, and the regular Pantages attractions complete the bill.

The funeral of the late Mrs. Mary Ann Pearson took place on Saturday afternoon at 3 o'clock from the family residence, South Turner street, and at 3:30 at the St. John's church, where the Rev. Percival Jones conducted an impressive service. There was a large attendance of sympathizing friends, and many beautiful flowers were sent. The following acted as pallbearers: A. J. Dallin, E. Rogers, G. W. Wyse, H. J. Martin, F. A. Pauline, G. C. Mesher and J. B. Clarke.

BOOK MAKING AT FALL FAIR

COUNCIL TO HEAR

LARGE DEPUTATION

Church Members Oppose Betting—Agricultural Society Favors Practice.

As an aftermath of the great 60-day race meet at the Willows track under the auspices of the Centry Club, the chief topic for debate amongst citizens generally is the alleged evils resulting from race-track betting; and those opposed to such practices will this evening voice their opinions through the medium of a huge delegation, which will wait on the mayor and aldermen prior to the holding of the usual weekly meeting of the City Council.

In a number of the city churches yesterday, notably the Methodist, reference was made to the recent race meet and strong disapproval was expressed at the decision of the board of directors of the Agricultural Association in allowing horse racing as usual, with booking privileges, at the forthcoming fall fair.

Request was made that all members of the congregations addressed who could arrange to do so should join the delegations who had arranged to lodge a protest with the City Council this evening, and a lively debate is anticipated in consequence. Those active in the movement for the suppression of race-track gambling promise some interesting disclosures.

By a majority vote, at a meeting of the directors of the Agricultural Association held on Saturday evening, it was decided to permit horse racing at the forthcoming fall fair, also betting, as has been the practice heretofore. This decision was not reached, however, without a strenuous protest on the part of Mayor Hall and Alderman Henderson.

There were present at the meeting His Worship the Mayor, Alderman Henderson, Dr. Tolmie, George Sangster and T. W. Paterson. All the arguments for and against races and betting were gone over again. The City Council members cited alleged evils resulting from the recent 60-day meet just concluded at the Willows under the auspices of the Centry Club, and declared that the people of Victoria were overwhelmingly opposed to race-track gambling. The did not object to horse racing for the pure sport of the thing, but the presence of the "bookies" was a demoralizing influence.

Messrs. Tolmie, Paterson and Sangster, however, contended that the large and representative attendance of citizens at the Willows each day was proof positive that the community as a whole was in favor of horse racing. It was impossible to have horse racing without betting, and if the experiment were tried at the fall fair it was doubtful if horse-owners would bring over their animals or any large crowd attend.

Ald. Henderson, while he personally liked to see a good horse race and thought most people were similarly inclined, felt that as a representative of the city he could not countenance the practice of betting. Gambling was unquestionably corruptive of the morals of the people.

Dr. Tolmie feared a deficit at the fair were horse racing under the usual practice not permitted. He pointed to the fact that at Winnipeg, Calgary and indeed at all the Western fairs, betting is countenanced and recognized as a necessary adjunct to a successful meeting.

Mr. Paterson pointed out that at the meeting of the Agricultural Association held last year at the close of the last fair, the decision was unanimously reached that there should be a race meet, and the understanding was that there should be betting also. He believed that the majority of Victorians were in favor of horse racing and had no objection to betting. If there was no betting there would be no races, and the association might have to face a deficit.

Mayor Hall remarked that he would rather favor making up the deficit from city funds than countenance betting.

To this Mr. Paterson retorted that it would likely be found that the very people who would object to city funds being used for that purpose would be those who do nothing to help along the fair by their attendance.

Mayor Hall again objected to what he termed the licensing of gambling, and when the licensing of the liquor traffic was referred to, remarked that if he had his way he would do away with the saloon.

On the question being put to a vote, Messrs. Tolmie, Paterson and Sangster decided in favor of the open-book system of betting, and the Mayor and Alderman Henderson contra.

Alderman Henderson moved an amendment to the effect that no betting be allowed. This found no second, however. Alderman Henderson urged one of the three opposing members to do so, so as to bring it before the board, the ayes and noes were duly recorded on the minutes and the meeting adjourned.

HOLD ANNUAL PICNIC

Sons and Daughters of St. George Pass Pleasant Day at Brighton Beach.

The annual picnic of the Sons and Daughters of St. George was held on Saturday afternoon at Brighton Beach. A large number of members of the lodge and their friends were present. The afternoon was passed pleasantly and at 7:30 o'clock the "Maple Leaf" and National Anthem were sung and the party adjourned to the city. Sports and games were indulged in by those present and a beautiful meal was served at 6 o'clock.

The committee in charge of the event was: Messdames Grenhalgh, Rivers, Penketh and Armstrong, and Messrs. Barnett, Howard, Jeeves, Rudd, Green, Eakin, Clark and Jones. Their work was well done and contributed largely to the day's enjoyment.

LAST DAY OF RACE MEETING

DARKTOWN DERBY RACE IS THE CLOSING EVENT

Fantastic and Barney Oldfield Beaten by Silver Knight.

Victoria's first big race meeting lasting sixty-one days came to a conclusion Saturday afternoon at the Willows with the running of seven events and commencing with the Darktown Derby, over a mile and seventy yards, which was won by Long Ball, ridden by Carpenter, against a field of four. The Darktown Derby caused considerable excitement, and was the most amusing feature of the afternoon. The jockeys were colored and were played to the sizzling music of the city band. A chicken was suspended over the track and awarded the winning jockey, and the second received a bouquet consisting of carrots, lettuce and other vegetables. The band then played "Auld Lang Syne," and immediately closed the meeting with the National Anthem. The race of the afternoon, however, was the mile and an eighth with four starters—Silver Knight, Fantastic, Barney Oldfield and Goldway. The contest of the previous week between Barney Oldfield and Fantastic, when the decision went to the former, made their meeting Saturday of greater interest. The defeat of both, however, by Silver Knight left a dark brown taste in the mouths of backers, and the talk that followed the race the previous week was a plaintive child's wail compared to the free expressions of opinion passed out Saturday. As Kederis brought Silver Knight round the home turn with but 88 pounds up, while Oldfield and Fantastic seemed carrying tons in the rear. The race was a poorly judged performance by the jockeys. Goldway got left and neither Archibald or Coburn desired to make pace. Both were surprised when Silver Knight went to the front and was let get such a lead that the rear horses could not overtake him. Silver Knight had the race won in the stretch and Fantastic raced Barney Oldfield into second place.

The two mile race went to Benvolio under a good ride, and was Archibald's only win of the day. Flavius, second, at times looked like overtaking the leader, but failed to respond to a drive at the finish. Sir Angus bumped into the fence the second time round and could not make better than third. The rest of the card was run by close fields, being about the hardest selection of the meeting. Goldway won the five furlongs; Laura—Clay the six; Footloose the mile and seventy yards, and Quality Street the five furlong opening race.

Archibald was presented with the jockey cup won during the closing week, by Miss Dunsmuir from the judges' stand, and general congratulations were exchanged between the officials and directors on the success of the long meeting. The big crowd then went home and the gates were closed for the last time.

The result of the day's races was as follows:

First race—Five furlongs. Purses, Two-year-olds. Value to first \$150. Horse and Jockey. Op. Cl.

Quality Street, Keogh (106) 2 5-2
Lady Elizabeth, Archibald (108) 5-2
Bimoculac, Coburn (115) 2 5-2
Mr. Rose, Callahan (105) 6 15-2

Second race—One mile and seventy yards. Three-year-olds and upward. Value to first \$150. Horse and Jockey. Op. Cl.

Long Ball, Carpenter (135) 3 4
Marwood, Johnson (137) 4 5
Mechant, Porter (135) 7-10 11-20
Ten Row, Walcott (135) 7-2
Gyros, Williams (137) 5 15
No time taken.

Third race—Five furlongs. The G. A. Fraser Handicap. Three-year-olds and upward. Value to first \$225. Horse and Jockey. Op. Cl.

Goldway, Keogh (109) 7 9-2
Time, 1:55 4-5.

Fourth race—One and an eighth mile. The D. R. Ker Handicap. Three-year-olds and upward. Value to first \$225. Horse and Jockey. Op. Cl.

Silver Knight, Kederis (96) 10 2-4
Fantastic, Coburn (113) 5-2
Barney Oldfield, Archibald (114) 5-2
Goldway, Keogh (109) 7 9-2
Time, 1:55 4-5.

Fifth race—Five furlongs. The G. A. Fraser Handicap. Three-year-olds and upward. Value to first \$225. Horse and Jockey. Op. Cl.

Goldway, Keogh (109) 7 9-2
Time, 1:55 4-5.

Sixth race—Two miles. The J. E. Smart Selling. Purses. Four-year-olds and upward. Value to first \$225. Horse and Jockey. Op. Cl.

Benvolio, Archibald (108) 7-5 7-5
Flavius, Matthews (108) 5 9
Sir Angus, Leeds (106) 4 7-2
My Bouquet, McBride (103) 3 5
Sir Wesley, Keogh (107) 3 9-2
Jacobs, Gaule (108) 10 12
Time, 3:37 2-5.

Seventh race—One mile and seventy yards. The Darktown Derby. Four-year-olds and upward. Value to first \$150. Horse and Jockey. Op. Cl.

Long Ball, Carpenter (135) 3 4
Marwood, Johnson (137) 4 5
Mechant, Porter (135) 7-10 11-20
Ten Row, Walcott (135) 7-2
Gyros, Williams (137) 5 15
No time taken.

Eighth race—One mile and seventy yards. The Darktown Derby. Four-year-olds and upward. Value to first \$150. Horse and Jockey. Op. Cl.

Long Ball, Carpenter (135) 3 4
Marwood, Johnson (137) 4 5
Mechant, Porter (135) 7-10 11-20
Ten Row, Walcott (135) 7-2
Gyros, Williams (137) 5 15
No time taken.

Ninth race—One mile and seventy yards. The Darktown Derby. Four-year-olds and upward. Value to first \$150. Horse and Jockey. Op. Cl.

Long Ball, Carpenter (135) 3 4
Marwood, Johnson (137) 4 5
Mechant, Porter (135) 7-10 11-20
Ten Row, Walcott (135) 7-2
Gyros, Williams (137) 5 15
No time taken.

Tenth race—One mile and seventy yards. The Darktown Derby. Four-year-olds and upward. Value to first \$150. Horse and Jockey. Op. Cl.

Long Ball, Carpenter (135) 3 4
Marwood, Johnson (137) 4 5
Mechant, Porter (135) 7-10 11-20
Ten Row, Walcott (135) 7-2
Gyros, Williams (137) 5 15
No time taken.

Eleventh race—One mile and seventy yards. The Darktown Derby. Four-year-olds and upward. Value to first \$150. Horse and Jockey. Op. Cl.

Long Ball, Carpenter (135) 3 4
Marwood, Johnson (137) 4 5
Mechant, Porter (135) 7-10 11-20
Ten Row, Walcott (135) 7-2
Gyros, Williams (137) 5 15
No time taken.

Twelfth race—One mile and seventy yards. The Darktown Derby. Four-year-olds and upward. Value to first \$150. Horse and Jockey. Op. Cl.

Long Ball, Carpenter (135) 3 4
Marwood, Johnson (137) 4 5
Mechant, Porter (135) 7-10 11-20
Ten Row, Walcott (135) 7-2
Gyros, Williams (137) 5 15
No time taken.

Thirteenth race—One mile and seventy yards. The Darktown Derby. Four-year-olds and upward. Value to first \$150. Horse and Jockey. Op. Cl.

Long Ball, Carpenter (135) 3 4
Marwood, Johnson (137) 4 5
Mechant, Porter (135) 7-10 11-20
Ten Row, Walcott (135) 7-2
Gyros, Williams (137) 5 15
No time taken.

Fourteenth race—One mile and seventy yards. The Darktown Derby. Four-year-olds and upward. Value to first \$150. Horse and Jockey. Op. Cl.

Long Ball, Carpenter (135) 3 4
Marwood, Johnson (137) 4 5
Mechant, Porter (135) 7-10 11-20
Ten Row, Walcott (135) 7-2
Gyros, Williams (137) 5 15
No time taken.

Fifteenth race—One mile and seventy yards. The Darktown Derby. Four-year-olds and upward. Value to first \$150. Horse and Jockey. Op. Cl.

Long Ball, Carpenter (135) 3 4
Marwood, Johnson (137) 4 5
Mechant, Porter (135) 7-10 11-20
Ten Row, Walcott (135) 7-2
Gyros, Williams (137) 5 15
No time taken.

Sixteenth race—One mile and seventy yards. The Darktown Derby. Four-year-olds and upward. Value to first \$150. Horse and Jockey. Op. Cl.

Long Ball, Carpenter (135) 3 4
Marwood, Johnson (137) 4 5
Mechant, Porter (135) 7-10 11-20
Ten Row, Walcott (135) 7-2
Gyros, Williams (137) 5 15
No time taken.

Seventeenth race—One mile and seventy yards. The Darktown Derby. Four-year-olds and upward. Value to first \$150. Horse and Jockey. Op. Cl.

Long Ball, Carpenter (135) 3 4
Marwood, Johnson (137) 4 5
Mechant, Porter (135) 7-10 11-20
Ten Row, Walcott (135) 7-2
Gyros, Williams (137) 5 15
No time taken.

Eighteenth race—One mile and seventy yards. The Darktown Derby. Four-year-olds and upward. Value to first \$150. Horse and Jockey. Op. Cl.

Long Ball, Carpenter (135) 3 4
Marwood, Johnson (137) 4 5
Mechant, Porter (135) 7-10 11-20
Ten Row, Walcott (135) 7-2
Gyros, Williams (137) 5 15
No time taken.

Nineteenth race—One mile and seventy yards. The Darktown Derby. Four-year-olds and upward. Value to first \$150. Horse and Jockey. Op. Cl.

Long Ball, Carpenter (135) 3 4
Marwood, Johnson (137) 4 5
Mechant, Porter (135) 7-10 11-20
Ten Row, Walcott (135) 7-2
Gyros, Williams (137) 5 15
No time taken.

Twentieth race—One mile and seventy yards. The Darktown Derby. Four-year-olds and upward. Value to first \$150. Horse and Jockey. Op. Cl.

Long Ball, Carpenter (135) 3 4
Marwood, Johnson (137) 4 5
Mechant, Porter (135) 7-10 11-20
Ten Row, Walcott (135) 7-2
Gyros, Williams (137) 5 15
No time taken.

Twenty-first race—One mile and seventy yards. The Darktown Derby. Four-year-olds and upward. Value to first \$150. Horse and Jockey. Op. Cl.

Long Ball, Carpenter (135) 3 4
Marwood, Johnson (137) 4 5
Mechant, Porter (135) 7-10 11-20
Ten Row, Walcott (135) 7-2
Gyros, Williams (137) 5 15
No time taken.

Twenty-second race—One mile and seventy yards. The Darktown Derby. Four-year-olds and upward. Value to first \$150. Horse and Jockey. Op. Cl.

Long Ball, Carpenter (135) 3 4
Marwood, Johnson (137) 4 5
Mechant, Porter (135) 7-10 11-20
Ten Row, Walcott (135) 7-2
Gyros, Williams (137) 5 15
No time taken.

Twenty-third race—One mile and seventy yards. The Darktown Derby. Four-year-olds and upward. Value to first \$150. Horse and Jockey. Op. Cl.

Long Ball, Carpenter (135) 3 4
Marwood, Johnson (137) 4 5
Mechant, Porter (135) 7-10 11-20
Ten Row, Walcott (135) 7-2
Gyros, Williams (137) 5 15
No time taken.

Twenty-fourth race—One mile and seventy yards. The Darktown Derby. Four-year-olds and upward. Value to first \$150. Horse and Jockey. Op. Cl.

Long Ball, Carpenter (135) 3 4
Marwood, Johnson (137) 4 5
Mechant, Porter (135) 7-10 11-20
Ten Row, Walcott (135) 7-2
Gyros, Williams (137) 5 15
No time taken.

Twenty-fifth race—One mile and seventy yards. The Darktown Derby. Four-year-olds and upward. Value to first \$150. Horse and Jockey. Op. Cl.

Long Ball, Carpenter (135) 3 4
Marwood, Johnson (137) 4 5
Mechant, Porter (135) 7-10 11-20
Ten Row, Walcott (135) 7-2
Gyros, Williams (137) 5 15
No time taken.

Twenty-sixth race—One mile and seventy yards. The Darktown Derby. Four-year-olds and upward. Value to first \$150. Horse and Jockey. Op. Cl.

Long Ball, Carpenter (135) 3 4
Marwood, Johnson (137) 4 5
Mechant, Porter (135) 7-10 11-20
Ten Row, Walcott (135) 7-2
Gyros, Williams (137) 5 15
No time taken.

Twenty-seventh race—One mile and seventy yards. The Darktown Derby. Four-year-olds and upward. Value to first \$150. Horse and Jockey. Op. Cl.

Long Ball, Carpenter (135) 3 4
Marwood, Johnson (137) 4 5
Mechant, Porter (135) 7-10 11-20
Ten Row, Walcott (135) 7-2
Gyros, Williams (137) 5 15
No time taken.

Twenty-eighth race—One mile and seventy yards. The Darktown Derby. Four-year-olds and upward. Value to first \$150. Horse and Jockey. Op. Cl.

Long Ball, Carpenter (135) 3 4
Marwood, Johnson (137) 4 5
Mechant, Porter (135) 7-10 11-20
Ten Row, Walcott (135) 7-2
Gyros, Williams (137) 5 15
No time taken.

Twenty-ninth race—One mile and seventy yards. The Darktown Derby. Four-year-olds and upward. Value to first \$150. Horse and Jockey. Op. Cl.

Long Ball, Carpenter (135) 3 4
Marwood, Johnson (137) 4 5
Mechant, Porter (135) 7-10 11-20
Ten Row, Walcott (135) 7-2
Gyros, Williams (137) 5 15
No time taken.

Thirtieth race—One mile and seventy yards. The Darktown Derby. Four-year-olds and upward. Value to first \$150. Horse and Jockey. Op. Cl.

Long Ball, Carpenter (135) 3 4
Marwood, Johnson (137) 4 5
Mechant, Porter (135) 7-10 11-20
Ten Row, Walcott (135) 7-2
Gyros, Williams (137) 5 15
No time taken.

Thirty-first race—One mile and seventy yards. The Darktown Derby. Four-year-olds and upward. Value to first \$150. Horse and Jockey. Op. Cl.

Long Ball, Carpenter (135) 3 4
Marwood, Johnson (137) 4 5
Mechant, Porter (135) 7-10 11-20
Ten Row, Walcott (135) 7-2
Gyros, Williams (137) 5 15
No time taken.

Thirty-second race—One mile and seventy yards. The Darktown Derby. Four-year-olds and upward. Value to first \$150. Horse and Jockey. Op. Cl.

Long Ball, Carpenter (135) 3 4
Marwood, Johnson (137) 4 5
Mechant, Porter (135) 7-10 11-20
Ten Row, Walcott (135) 7-2
Gyros, Williams (137) 5 15
No time taken.

Thirty-third race—One mile and seventy yards. The Darktown Derby. Four-year-olds and upward. Value to first \$150. Horse and Jockey. Op. Cl.

Long Ball, Carpenter (135) 3 4
Marwood, Johnson (137) 4 5
Mechant, Porter (135) 7-10 11-20
Ten Row, Walcott (135) 7-2
Gyros, Williams (137) 5 15
No time taken.

Thirty-fourth race—One mile and seventy yards. The Darktown Derby. Four-year-olds and upward. Value to first \$150. Horse and Jockey. Op. Cl.

BIG TIMBER DEAL.

Wisconsin Lumberman Secures Hold-

ings in Kootenay—Will Build Mill.

Nelson, Aug. 34.—A deal has just

been completed whereby D. R. Stevens,

the lumber millionaire of Ellensburg,

Wisconsin, has purchased the remain-

ing timber limits on Lemon creek,

making his total holdings there sixteen

limits and two crown grants of about

200,000,000 feet of lumber. The deal

completed yesterday involved eight

limits and two crown grants.

It is Mr. Stevens' intention to build

a railroad from the head of the creek

to the C. P. R. track from Nelson and

take down the lumber by that means.

He does not intend to trust to the va-

garies of the Skeena river. He will

later build a large mill in that vicinity.

The building of this railway will be

of the utmost importance to the Lemon

creek district as there are many claims

upon which good showings have been

made and which have only awaited

transportation in order to be developed

into mines.

—A delightful trip, with beautiful

scenery among the Thousand Islands.

Excursion rates every day by V. & S.

railway and steamer Iroquois.

VICTORIA ELEVEN

BEAT THE GARRISON

Esquimalt Wins From Shearwater and Albions Defeat Saanich.

Victoria beat Garrison by 14 and five wickets.
Esquimalt beat Shearwater by 72.
Albions beat Saanich by 63.

The soldiers on Saturday afternoon had a leather hunt at the hospital ground, where Alexis Martin and Hep Gillespie, of the Victoria team, hit their bowlers round the lot for 18 not out and 31 not out respectively, while L. York hit up a solid 45 and W. York 13 before they were bowled. The soldiers were first at the wickets, and the best scores were: Cullin 45, Thomas 22, and Doyle, not out, 31. For the Victoria team, York bowled 4 for 17, and Gooch got 3 for 6 runs. Cullin and Gardner divided the wickets between them for the Garrison. Cullin getting three and Gardner two. The other Garrison bowlers were unable to make an impression.

The scores were as follows:
Garrison Cricket Club.
Cullin, c Young, b Marshall 45
Thomas, c Young, b W. York 22
Sgt. Askey, b Gooch 5
Sgt. Robertson, b W. York 2
Baker, b W. York 2
R. Foote, b W. York 2
Needham, c Young, b Gooch 1
Doyle, not out 31
Gardner, b W. York 6
Carter, b Gooch 1
Buxton, b W. York 0

H. Gillespie, not out 62
Extras 12
Total 261

H. Foote, c Young, b S. Scott, W. P. Gooch did not bat.
The Victoria eleven left yesterday afternoon for Vancouver to take part in the annual tournament in which seven clubs are competing.

AT ESQUIMALT.

At the Canton ground, Esquimalt hit up 141 against 18 scored by the Shearwater team. The Finches, for the winners, with 77 was top score, made by fastidious cricket, while Prevost made 22. Of the Shearwater 55, Bain was responsible for 21 and Peddie obtained 18. Mitchell secured five wickets for the Shearwater team and Bain four, while Prevost, Scott and Rodgers were instrumental for the Esquimalt men in getting the Shearwater side out.

The scoring was as follows:
H. M. S. Shearwater.
Mitchell, b Rodgers 1
Angus, b Finch 7
Bennet, b Prevost 9
Peddie, c and b Rodgers 18
Fox, b Rodgers 5
Bain, b Scott 21
Fagg, c Clarke, b Prevost 21
Lamploagh, not out 0
McLean, b Scott 0
England, c Clark, b Scott 0
Lewell, b Scott 0

SWIMMING CONTESTS

AT THE GORGE PARK

Winners in Various Competitions on Saturday Afternoon.

The annual swimming competitions held under the direction of Ian St. Clair were held on Saturday afternoon at the Gorge park. The large crowd which was present had an excellent opportunity to witness the races as the diving float was brought in near the shore. A number of the school trustees were present and acted as officials.

Visit the New China Store—Soon

THIS IS A DELIGHTFUL STORE TO VISIT AND YOU ARE TRULY WELCOME

THE new china store is a delightful place to visit—a store filled with items of more than ordinary interest to every home-keeper. In its rearranged form and new fittings you won't recognize what was once a very attractive store. The new shop is the finest china store in the west. And the offerings are worthy of the splendid store. The choicest pieces from the leading potteries throughout the world are offered. Direct importations—many not seen elsewhere in this western world. Buying direct and in such large quantities as we do secures for us the best prices—the result is unsurpassed values. On this floor you'll also find the latest and choicest pieces of cut glass. We are sole Victoria agents for the famous Libbey cut glass and show this in a specially constructed room.

Silverware from the world's leading makers is shown also and this is a department that is fast growing in public favor. The superior quality of the ware, the excellent designs and the decidedly fair-pricings being the reason. You are heartily welcome to visit this store and spend as much time as you can in roaming-around. Why not come in to-morrow?

DINING CHAIRS

Stylish New Arrivals

Some smart designs in dining chairs are now shown—last week's arrivals rounding out a showing not surpassed anywhere in the city. Some uncommonly stylish chairs are shown. Every fancy as to finish, style and price can be met here. Particular attention is called to the line of Early English finished chairs. We have these styles, with leather upholstered seats at from each \$3.75. Any needs in dining room furniture are best supplied from this stock of ours. In buffets and sideboards, in dining tables, in carpets and hangings the choice is broad. Consult us.

FRUIT CANNING NECESSARIES

SUPPLIED HERE—EVERYTHING SAVE FRUIT AND SUGAR

The time for canning peaches, apricots and all such fruits is here. You'll surely require some new jars, jelly tumblers, new rubbers, etc., and certainly you are interested in knowing where to get these—knowing where to find the fullest assortment of canning accessories, where your wants may be supplied with the least possible delay. These are a few of the items needed—the principal ones. All are to be found here. In fruit jars, as in all other lines, there are many grades. Some glass will crack when heated, some when it cools off. We want you to try ours—it's the safest. Let us show you these reliable Mason Jars.

FRUIT JARS, JELLY GLASSES, RUBBER RINGS

MASON PINTS, per dozen 80c
MASON QUARTS, at per dozen \$1.00
MASON HALF-GALLONS, per dozen \$1.35

NEW IRISH TABLE LINENS JUST OPENED

IRELAND'S foremost linen makers have contributed some beautiful linens to our stock—Saturday witnessing the arrival of a big shipment of dainty cloths and napkins. These are on sale to-day and if you are one of many customers awaiting the arrival of these we advise that you make an early visit and choose while the assortment is complete.

There's nothing better than the Irish linens and nothing better leaves Ireland than the products of the mills from which these come. We import direct and are thus enabled to offer you excellent values. Prices may not be lower, but the same prices and better quality. When you go choosing table linens visit the linen department of this store.

Use the Ladies' Rest Room

LADIES should remember that our rest room is theirs to use any time, whether a customer of this establishment or not. It's a convenience planned for ALL Victorian women folk. A convenient place to read, write, rest or meet your friends. Use it. Second floor.

Send for Our Big Catalogue

IF you haven't already received our new catalogue, send your name and address on a postal and receive a copy of this fine book. It is filled with illustrations of the very newest ideas in furniture, etc., and every item priced. A valuable book free to you. Send to-day—now.
